COST OF DATABASE CONVERSION SERVICE

\$300 per database converted.

We guarantee that we import your data as indicated on the above chart or your money back. We do not offer any other

NOTE: Multiple databases could be merged into one. Migration of multiple databases does not check for duplicate records.

GUARANTEE

Within a reasonable time following receipt of your data files, we will let you know if we can import your files, and how much it will cost you. After the conversion, you have two business days to check your converted data in eIMMIGRATIONAIR. If we did not import your data per above chart then we will remove your data from eIMMIGRATIONAIR and you pay nothing.

This guarantee does not cover situations where the data files you send us contain the wrong or incorrect data, they do not contain enough data, you sent us the wrong files, or you change your mind.

SENDING US YOUR DATA FILES

Following is provided for information only. It remains your responsibility, and your vendor's responsibility, to send us the latest copy of your database in a format that can be imported into eIMMIGRATIONAIR.

We have successfully imported data from legacy products using data files listed below:

LawLogix	FRM_nnnnnnnnn Folder that contains at least Data and OnDocs folders
INSZoom	Data folder that contains .CSV files
LexisNexis IDS	IDSDatR5_Data.mdf and IDSDatR5_Log.ldf
Immigrant Pro	Data folder that contains .DBF and .DBT files
Tracker	SQL Server database files (.MDF + .LDF) or a .BAK (backup) file
BlueDot	SQL Server database files (.MDF + .LDF) or a .BAK (backup) file
EILA*	EILA.mdb
MyCase	Backup folder that contains .CSV files

Notice to EILA users:

To ensure a successful conversion of your EILA data to eIMMIGRATIONAIR, you should compact and repair your Microsoft Access EILA database before sending it to Cerenade. This process will remove damaged records from your EILA Access database. As a result, you may experience some loss of data.

To be sure, before we run the conversion on your EILA database, we will also compact, clean, and repair your EILA database using tools provided by Microsoft Access.
